

CAPABILITY STATEMENT

ABOUT US

Wolf Star Technologies, LLC is small business dedicated to engineering services throughout the world. What is most unique about Wolf Star Technologies, LLC is their first-to-market solutions that meet the fundamental needs of engineers and analysts working with FEA tools (Finite Element Analysis). Their software packages include the True-Load, True-QSE and True-LDE and they bring understanding to dynamic loading of structures and exact decision ready data from FEA models. Wolf Star Technologies has the capabilities to respond to any RFPs, RFQs, RFIs, etc. and can improve the load testing analysis for many government agencies and prime contractors in need of a revolutionary software.

CORE COMPETENCIES

Wolf Star Technologies, LLC offers a wide variety of services and products to the market, including:

- Load Reconstruction.
- Product Engineering Knowledge.
- Training & Distribution on their proprietary software.
- Expert Witness Support.
- Weld Fatigue.
- Structural Investigation.
- Failure Mode Prediction.
- Product Durability Analysis.
- Product Development Consulting.

DIFFERENTIATION

- True-Load™ Software.
- True-QSE™ (Quasi-Static Events)
- True-LDE™ (Linear Dynamic Events)
- Product Development.
- 70 years combined experience.
- Leadership with PhD qualifications.
- P.E. Licensed (professional engineers).

COMPANY DATA

- DUNS: 057739359
- Socio-economic certifications: Small Disadvantaged Business.
- CAGE Code: 7EMQ6
- 3321 N Newhall St Milwaukee, WI 53211
- Gov't POC: Timothy G Hunter
- Business Development Manager: Susie Ralston
- Phone: 414-587-7427
- Email: Susie.ralston@wolfstartech.com
- Website: www.wolfstartech.com
- Accept Credit and Purchase Cards

PAST PERFORMANCE

- TARDEC
- Terex
- Honda Performance Racing
- Kuhn
- Trek
- CNH Industrial
- Harley-Davidson
- John Deere
- Milwaukee Tool
- Alcoa

NAICS CODES

- 541330— Engineering Services.
- 511210 – Software Publishers.
- 541715 – Research & Development in the Physical, Engineering, and Life Sciences.
- 334614 - Pre-recorded Compact Disc, Tape, & Record Reproducing.
